

Guildryman's Photographic Record of the Last 25 years

Triennial trip 2005 - "Doon the Watter" on the "Waverley"

Tom and Lorna sort out the illustrations

In the beginning it was the old fashioned 'Cut and Paste' where Lorna typed up the copy and I would cut the text up and position on the page then paste photos into the space allotted to them, our printer would then transfer the pages onto a litho printing plate prior to printing. A few years later I was able to do all the layout on my own computer, put it on disk, then send it to the printers to print off. After the printer's installed a digital printer we are now in the happy position of producing 'The Guildryman' in full colour.

Some special moments from the Annual Inspection over the years - A guard of honour for ex Dean Michael Thomson and committee - the popular school scramble - Gordon Sneddon in his Guildry blazer! and 'Singing in the rain' at the 'Deans Dram'

Some favourite Triennial Assemblies - what do you think? - On board the Orient Express Northern Belle - 'Doon the Watter' aboard the 'Waverley' - Kelvingrove Museum - Discovery Point, Dundee and Anstruther - Stirling Castle, a sail on Loch Katrine and Dunblane

Memorable moments - The Antiques Road show at Scone Palace drew gasps from the crowd as a nominal valuation of £100,000 was placed on the Lockit Book - A wintery Guild Court, January 2011 - Ex Dean Gordon Bannerman got his hands on the Scottish Cup after Saints famous victory in 2014 - The parade of the Court of Deans of Guild of Scotland was a colourful sight as they paraded through the streets of Perth in 2014
